

# NSC Gladstone RR2Y 2375 CHU

## Plant Characteristics

## Highlights

NSC Gladstone RR2Y is a dual-purpose variety in that it performs very well as a solid-seeded stand or in rows 20 inches apart and greater. Plants have an aggressive growth habit with substantial branching. It shows extremely rapid canopy closure which may reduce the need for a final glyphosate application.

## Key Strengths

- 2375 CHUs
- Tall plant closes canopy very quickly
- Excellent fit for growers with planters who are looking for an early variety
